v.

Wabash County Commissioners

Case No. 2011-19839-W
Laketon, Wabash County

This letter is to advise you that the Wabash County Commissioners have complied with the terms of the Agreed Order adopted in the above referenced case number. Therefore, the issues addressed by the Order are considered resolved and the action is hereby closed.

The closure of this action does not relieve Wabash County of its obligation to maintain compliance with all applicable rules and regulations. Future noncompliance may result in the initiation of a new enforcement action.

IDEM strongly encourages the use of pollution prevention techniques to reduce pollution emitted to the environment, and to conserve resources such as water and energy. Implementation of such techniques can decrease manufacturing costs/overhead, increase worker safety, and perhaps lessen the impact of environmental regulations upon your operation. For more information on pollution prevention or to schedule a free, confidential pollution prevention opportunity assessment, please call IDEM's Compliance and Technical Assistance Program (CTAP) at (800) 988-7901 or visit CTAP's website at www.in.gov/idem/ctap.

If you have any questions, please contact Aletha Lenahan, Environmental Manager,
